

**THISABILITY**

For Children with Special Needs

## **Thisability Christmas Program 2022**

Our organization (501c3) is helping families who need assistance this holiday season we do every year. This year we're bringing back our Christmas Party!!!

Our Christmas program includes toys, clothing, and shoes for approximately 350 children. This year we are having a Christmas party and partnering with other organizations to make this a success.

ThisAbility was tremendously successful in helping more than 1500 children over the last few years. We anticipate assisting 350 or more children this year.

Think of what a difference your contribution will make. Both event dates will take place in December and will be updated soon.

# Empowering Families

Imagine you just gave birth and the Doctor tells you your beautiful baby has been diagnosed with a rare medical condition. How would you feel? Would you know where to turn for resources? Emotional Support? Would you want to know what services are available for your family?

Every 4 ½ minutes, a baby is born with a birth defect in the United States. That is nearly 120,000 babies affected by birth defects each year. This number does not include the 1 in every 80 children diagnosed with autism, the older children diagnosed with other conditions, or the children who have tragic accidents that cause permanent disabilities.

An unexpected diagnosis is very difficult news to hear, and you are likely to experience a range of difficult emotions. Waiting for the results of tests or a diagnosis can be agonizing. There are so many families who have children with special needs who lack community support and resources and we provide that to them.
